

## WINONA SELECTED BY THE DELEGATES

NAMED FOR THE NEXT PRESBYTERIAN ASSEMBLY.

Philadelphia and Minneapolis Defeated for the Honor—Formal Reports Presented—Speech Ex-Gov. Mount—Other Religious Bodies in Session at Different Places.

Eagle Lake, Ind., May 28.—Winona has captured the general assembly of the Presbyterian church for another year. By a large majority the invitations of Minneapolis and Philadelphia were declined, and that of Winona accepted. It is almost an unprecedented thing for the assembly to return a second year to any place of meeting. Many years ago Philadelphia was almost the established home of the assembly, and a decade ago the session was held at Saratoga for two years in succession, because no other city invited the honor.

At the morning session the Rev. Dr. J. W. Hathaway, president of the American Sabbath union, spoke for half an hour on Sunday observance. He declared the people of the United States to be worse than Europe in their violation of the day of rest.

Dr. Withrow presented the report of the committee on bills and overtures. Four presbyteries overtured the assembly to initiate action looking toward the union of the Presbyterian churches north and south. Answer was made that the church stands ready to advance union whenever the way shall seem to be opened. The assembly refused to send delegates to the National Temperance union because it is a non-ecclesiastical body, and voted to recommend to the members of the church to support newspapers which publish no Sunday editions.

Gov. James A. Mount of Indiana, chairman of the committee on the celebration of the 250th anniversary of the adoption of the catechism and Westminster standards, reported a recommendation that the second Thursday of the next year general assembly be chosen for the day of celebration. The adoption of the standards by the church and parliament of Scotland extended through several years, so no specific date could be chosen. The recommendation was adopted. Gov. Mount emphasized the importance of the Westminster standards in the history of the church, and urged that the catechism be taught in every Presbyterian family. He also called attention to the prominence of Presbyterians and the Presbyterian system in the struggle for liberty and in the constitution, and reminded the assembly of the influence for good and patriotic citizenship of such teachings as those of the standards.

The Rev. Dr. Duncan Brown of Tarkio, Mo., chairman of the committee on aid for colleges, reported the total receipts for the year 1896-1897 were \$77,968, and the expenditures \$71,126, the balance on hand April 1 being \$24,624.

In the afternoon the Rev. Dr. George F. Whitworth of Seattle, Wash., presented the report of the board of church erection in part as follows:

"The total income of the board for the year from all sources was \$115,737. Both the amount appropriated and the number of churches aided from the general fund were smaller than for several years previously. This was the result of diminished incomes. Notwithstanding this shrinkage the board was able to make 126 appropriations to 122 churches to the aggregate amount of \$60,323.

"The board has capital in funds as follows: Permanent fund invested for revenue, \$151,000; trust fund, held subject to life interest of donors, including real estate valued at \$22,500, \$46,500; loan fund, interest-bearing loans to churches, \$245,000; manse fund, small non-interest bearing loans on manse, \$83,000; reversionary interest in church properties under grant mortgages or similar loans, estimate, \$2,000,000; total, \$2,528,500. The insurance aggregates about \$1,750,000.

At night the Rev. Dr. John Henry Barrows of Chicago addressed a large audience on his work in India.

## MANY KILLED IN COLLISION.

Five Dead and Others Fatally Injured at American Falls, Idaho.

Pocatello, Idaho, May 28.—A head-on collision between a freight and a passenger train at American Falls, twenty-five miles west of here, at 4:30 o'clock Thursday, caused the death of four as is known of nine men and the serious injury of eight others. Two of the latter will die. The west-bound passenger was waiting for the freight at American Falls, standing in front of the station building. The freight coming east ran away on the hill west of American Falls. It is thought that the air brakes were tampered with. The freight, running fifty miles an hour, crashed into the passenger train, which was already backing up, right in front of the station. The station building was shattered. Spring Valley, Ill., May 28.—The district mass-meeting of miners from all the mining towns in this section was called Thursday with over 2,000 persons present. The object of the call was to get these places into an organization or resist the reduction of the scale to 62½ cents. A motion to reject the proposition of the operators at Streator and remain on strike was carried, but it was decided later to postpone further action until next Saturday, when the Spring Valley, Ladd and Seatonville miners, 3,000 in number, will meet here and attempt to settle the strike.

### Women Want Equal Suffrage.

Waukegan, Ill., May 28.—Women from all over the state are here to devise plans to get the right to vote. They want the privilege of taking a hand in politics, not necessarily to better politics, but because the privilege is one they are convinced they are entitled to. President Julia Mills Dunn called to order the first session of the two days' conference of the Illinois Equal Suffrage association. The day was devoted to the reading of papers and committee reports.

## WASHINGTON NEWS IN A LINE OR TWO

WHY THE SUGAR KING WAS DISCHARGED.

President of the Trust Was Right in Refusing Information to the Senate Committee—Short Session of the House—Slow Progress on the Tariff Bill.

Washington, May 28.—"Certainly I am satisfied with the verdict," said Henry O. Havemeyer to an Associated press reporter a few minutes after the jury had returned a verdict of not guilty Thursday afternoon. "The verdict," he continued, "ought to be satisfactory to every decent man in this and every other community."

The verdict was the culmination of a long legal battle which began three years ago when Mr. Havemeyer de-

H. O. HAVEMEYER.

clined as a witness before the senate sugar investigating committee to furnish the committee with data as to the political contributions made by the company of which he is president to the local state campaigns of 1892 and 1893. Broker Chapman, around whom the preliminary battle waged, was found guilty and is now serving a 30-day sentence in the district jail.

Although the verdict of "not guilty" was given by the jury it was a verdict returned under the court's direction and amounted practically to the judge throwing the case out of court.

The case of John E. Searles, the secretary of the sugar trust, who was indicted with Mr. Havemeyer, will be called today. In this case it is probable that the main contention as to jurisdiction and pertinency will be raised, and that Judge Bradley will be compelled to rule upon it as he announced he would when it was raised as the direct issue.

### Short Session of House.

Washington, May 28.—There was an attempt to bring forward the Cuban question in the house Thursday as soon as the journal had been read. Mr. Lewis (Dem., Wash.) shouted, "A question of privilege," and sent to the clerk's desk a resolution for the recognition of the belligerency of the Cubans. The speaker permitted the resolution to be read and then promptly declared it out of order.

From this ruling Mr. Lewis appealed and Mr. Dingley's motion to table the appeal was carried 91 to 57.

Mr. Dingley moved to adjourn, and with several Democrats shouting for recognition the motion was carried by a party vote. The house adjourned to Monday.

### Progress on Tariff Bill.

Washington, May 28.—The senate made good progress on the tariff bill Thursday, disposing of about ten pages. Several votes were taken, the finance committee being sustained in each case by majorities varying from 6 to 15. The drug schedule was under discussion, and the debate was largely technical. Before taking up the tariff bill the final conference report on the sundry civil bill was agreed to, including the provision suspending until March 1 next the executive order creating extensive forest reserves.

### Agree to Conference Report.

Washington, May 28.—The senate Thursday, by a vote of 32 to 25, adopted the conference report on the sundry civil appropriation bill. The provision in the conference report is the house amendment, which calls for a survey of the lands in question and permits the president to revoke or modify President Cleveland's proclamations from time to time as he may deem best for the public interests.

### Agrees to Pooling Bill.

Washington, May 28.—The senate committee on interstate commerce has practically agreed upon the final amendments to the Foraker pooling bill, which there will be an effort to have reported at the next meeting of the committee, to be held a week from Thursday. ## RIVER STILL RISING AND DANGER GRAVE

HOUSES SWEEPED AWAY AT EL PASO, TEXAS.

Another Break in the Levee Leaves Hundreds of Families Homeless—Business Center of the City in Peril—Destitution Among Poorer Classes Is the Result.

El Paso, Texas, May 28.—Thursday morning the river showed a rise of six inches over Wednesday night, and the water was sweeping down the river at a terrific rate. Early in the morning the head gate of the canal, which is above the levee, began to give way, and 500 men with logs, sacks of sand and willow bales, were put to work to prevent a break, while about 1,000 men were stretched along the improvised levee at the other side of the city, where the water continued to creep up.

At 3 o'clock in the afternoon the head gate gave way with a rush and a roar, the river pouring into the canal. The fire alarm was sounded to warn people in the lower districts, and in an instant the city was in such wild confusion that for half an hour it was impossible to make any organized effort to take another stand against the waters, which were soon over the banks of the canal, inundating the territory through which it passed on both sides.

The people living along the banks of the canal are the poor laboring classes, and their homes were soon under water. Fathers and mothers had to wade through the water from their homes, taking their children in their arms. The houses, being in most cases built of adobe, melted away at the touch of the rushing torrents, and household furniture, clothing, etc., were floating around in all directions. The levee at the foot of El Paso street broke, and in a short time twenty little residences in that locality were flooded.

At 4 o'clock in the afternoon the levee on Sixth street was abandoned by the city and Mayor Magoffin put several hundred men and teams to work throwing up a new levee on Fourth street, from the Santa Fe across eight blocks to Tago street. The waters cannot reach the fashionable residence portion of the city, which lies north and east of the business center.

At 10 o'clock the flood had broken through the second levee on Fourth street and the waters had advanced to Second street, causing several hundred more poor families to flee from their homes. There are more than 400 homeless families on the streets of El Paso, and a large number of them are without food, as they are laborers who have been fighting the flood instead of earning bread for the last fifteen days.

## 50,000 MINERS QUIT WORK.

General Strike Will Be Instituted Throughout the East.

Pittsburg, Pa., May 28.—The national executive board of the United Mine Workers of America have decided to order a general strike throughout Pennsylvania, Ohio, and West Virginia, to secure the 69-cent rate for mining. The order is expected to be in the hands of the workmen within a very few days. More than 50,000 miners will be affected by the order, and a desperate struggle between the men and operators will result.

The order, it is said, has been decided on because of the fact that thirteen of the large coal companies in the Pittsburg district have secured control of all the lake-front dockage.

### Mayor Among the Slain.

Birmingham, Ala., May 28.—The little town of Oakman, Walker county, was the scene of a desperate shooting affray Thursday afternoon. Charles Williams, a traveling machinist, recently came to Oakman from Mississippi to secure work at the coal mines. Thursday, while intoxicated, he entered the store of Appling Bros., the largest business house at Oakman, and became very boisterous. Mayor Appling, after ordering him out, was about to call a policeman, when Williams drew a revolver and opened fire on Appling, who fell dead. Williams was killed and three other men badly injured in the fight that followed.

### Charged with Stealing \$300,000.

New York, May 28.—The grand jury investigated a charge of grand larceny preferred by the Mutual Life insurance company against David Robinson, son of ex-Gov. Robinson. Robinson was formerly mayor of Elmira and agent there for the complainants. The specific charge is the larceny of \$24,000 by misrepresenting the value of Elmira property, which he is alleged to have purchased for \$6,000 and procured a loan of \$30,000 upon, through reporting to the company a valuation of \$60,000. It is alleged that he embezzled nearly \$300,000 in three years while acting for the company, a good part of which has been refunded.

### Ohio Silver Republicans Meet.

Columbus, O., May 28.—One hundred delegates, constituting a silver Republican state convention, met here Thursday for the purpose of selecting a delegate to Ohio to the national conference to be held in Chicago June 8. The delegates express their willingness to act with any party holding 16 to 1 views. The platform declares allegiance to the principles of the Republican party as taught by Lincoln, Grant and Blaine; denounces what is termed the surrender to the money power at St. Louis and demands the immediate remonetization of silver and gold at the ratio of 16 to 1.

### Tax the Retail Supplies.

Washington, May 28.—An unexpected obstacle has suddenly loomed up in the Cuban relief fund matter. Spain collects taxes on all importations, and there is no way of securing a remittance of the duties or food that may be imported from this country to relieve the starving Americans on the island except through the Spanish legislature. The authorities would be very glad to remit the duties, but they fear a row in the cortes, and just now when the Canovas cabinet trembles in the balance, such a thing is decidedly undesirable. Meanwhile relief must wait.

The law provided that every public warehouse other than those used for storage of grain should secure licenses from the government within thirty days after passage of the act, and that all railroad companies should be required to turn over to the warehouse companies all goods which had been in their possession uncalled for twenty days or more. The storage company was to pay the transportation charges and take a lien upon the goods for the amount.

Owing to the remoteness of the scene it was impossible to obtain any details of the affair.

Springfield, Ill., May 28.—By the narrow margin of one vote the friends of the house anti-color butterine bill failed to secure its advancement and reference to a committee in the senate Thursday. ## CHICAGO MARKETS BY WIRE

Robert Lindholm's Letter On The Condition of Crops and Trade.

Chicago, May 27.—[Special]—Oklahoma last year had 200,000 acres in wheat. This year the crop acreage is 25 to 50 per cent larger. At the outside the acreage is 300,000 acres, which at twenty five bushels per acre would make seven and one half million wheat and yet the New York News bureau sends out estimates of twenty five million wheat for Oklahoma. Comments are useless. There are other and reasonable grounds for weakness, such as good reports from Michigan, which now promises an average crop; some considerable improvement in Indiana, and good reports from Kansas and Ohio. Our crop observer reports the dry present in Indiana, but do not expect any serious damage from them. The feature of the market has been in collapse of prices in winter wheat markets, especially cash wheat. July in Toledo is only three cents above us and St. Louis two only. With good crops in Michigan and Ohio Toledo will arrive there in July. It is this conviction which has switched the buying over to September which is the cheapest option. They now reason that supplies will be adequate to the demand and that the bull arguments are based only on shortage in coming crops abroad, and hence the largest and cheapest deliveries are the ones to buy. In other words the bulls have finally abandoned the last tenable position and volunteered to face an army of five hundred million bushels being raised, instead of one of five million only in store here. The result cannot be questioned. It will be disastrous to the bulls in the end. At Minneapolis the bulls have made a stand in defense of the actual wheat. They ought to succeed. If cash wheat can not be held up this year, no man should ever attempt it again but we might as well surrender to the idea that wheat should be as low as corn and oats and lard. Export clearances are fairly good and receipts less apprehensive. The visible supply will show a large decrease again, probably a million and a half. Corn has continued weak in spite of low temperature, but oats are firm and provisions are equally high. In spite of a unanimous bear sentiment somebody holds the load who is ready to defend it. I have believed in twelve dollar pork some time this summer for several months.

## A BANQUET AT EVANSVILLE

Local Members of the Order of the Eastern Star Attended.

Sixteen people from this city made an overland trip to Evansville last evening, where they were the guests of the Evansville Order of the Eastern Star, at a banquet. On their arrival they were joined by members of the order from Oregon; and at Dr. Evans' spacious home, the visitors were given a reception from 7 until 9 o'clock, after which a social followed at Masonic hall. The banquet was served at the city hall. The Janesville party included:

Messrs. and Mrs.—  
W. H. Ashcraft, Jr., W. F. Carle.  
Messdames—  
C. E. Sherwood, George Corson,  
I. M. Harrington, Hayes,  
F. Burroughs, Bennett,  
Fred Howe, J. H. Dower.

Misses—  
Susie Hutchinson, Melissa Chittenden,  
Minnie Burroughs.  
Alderman Walter S. Rice and Past Worthy Grand Matron Anna Phillips were also in attendance.

## THE LEAF TRADE PICKS UP

Outside Buyers Visit the City and Conditions Improve.

An improvement in local market conditions was caused by the advent of several outside buyers who purchased several lots of local packers, says The Leaf. The most extensive buyer was Max Subert, of the Chicago leaf house of Subert & Sons, who has purchased about 500 cases of '96 filers. Palmer Bros., of Milton Jct., have purchased about 50 cases of shipping stock. J. M. Thayer, for Young & Newman, received at one time 250 and at another 67 cases of '96; A. L. Fisher sold 40 cases of '96 and Barnard & Wilder sold 64 cases of old goods. Several deals are hanging fire but will doubtless be made ere long.

A prominent packer sampled 300 cases of '96 this week and was delighted with the condition of the goods. It is safe to predict that the '96 will go through the sweat clean and sweet.

The weather has been rather cold the past week for tobacco plants, but still they seem to be doing fairly well. Many report plants as having leaves as large as finger nails. A good rain and plenty of warm weather are much needed just now. There seems to be an abundance of plants in all sections and but little complaints about fleas.

Edgerton Market.

The Edgerton Reporter says: The local markets continue uneventful as far as business is concerned. An occasional transaction comes to the surface that tends to keep the breath of life in the market. Rarely an out of town buyer is seen while the request for samples are few and far between. The following transactions have come to our notice:

Samuel Marsden, 1905 '94 at 8, 3 and 2 1/2.

P. L. Pierce, 1905 '94 at 7 1/2.

J. H. Ooon & Co. 2205 '94 at 7c.

Henry Head, 1205 '96 at 5c.

Phil Bonn purchased 88 cases of Shuman & Stewart. The latter firm also reports the sale of a few small lots to Chicago dealers.

Rain that fell early in the week has helped the growth of the young plants, though the weather is yet too cold for rapid growth. Farmers are now busy preparing their tobacco, and some planting will commence the second week of June. It is believed the plant beds have escaped the frosts of the week, certainly so where they were protected.

The shipments from this station are at a low water mark, not to exceed 200 cases for the week to all points. Of cigar leaf 750 cases were exported from New York since last report.

## START THE CARS TOMORROW.

Boilers Were Fired Up and Final Adjustments Made This Afternoon.

The street cars will be sent over the line tomorrow. The boilers were fired up this afternoon and the connection from the power house to the main trolley wire was made. Superintendent Cummins says that all is now in working order and that the cars will make trial trips tomorrow.

## CATARRH OF THE STOMACH.

A Pleasant, Simple, But Safe and Effectual Cure for It.

Catarrh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloating sensation after eating, accompanied sometimes with sour or watery risings, a formation of gases, causing pressure on the heart and lungs and difficult breathing; headaches, fickle appetite, nervousness and a general played out, languid feeling.

There is often a foul taste in the mouth, coated tongue and if the interior of the stomach could be seen it would show a shiny, inflamed condition.

The cure for this common and obstinate trouble is found in a treatment which causes the food to be readily, thoroughly digested before it has time to ferment and irritate the delicate mucous surfaces of the stomach. To secure a prompt and healthy digestion is the one necessary thing to do and when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Harlanston the safest and best treatment is to use after each meal a tablet, composed of Diastase, Ascorbic Pepsin, a little Nux, Golden Seal and fruit acids. These tablets can now be found at all drug stores under the name of Stuart's Dyspepsia Tablets and not being a patent medicine can be used with perfect safety and assurance that healthy appetite and thorough digestion will follow their regular use after meals.

Mr. N. J. Booher, of 2710 Dearborn St., Chicago, Ill., writes: "Catarrh is a local condition resulting from a neglected cold in the head, whereby the lining membrane of the nose becomes inflamed and the poisonous discharge therefrom passing backward into the throat reaches the stomach, thus producing catarrh of the stomach. Medical authorities prescribed for me for three years for catarrh of stomach without cure, but today I am the happiest of men after using Stuart's Dyspepsia Tablets. I cannot find appropriate words to express my good feeling. I have found flesh, appetite and sound rest from their use."

Stuart's Dyspepsia Tablets is the safest preparation as well as the simplest and most convenient remedy for any form of indigestion, catarrh of stomach, biliousness, sour stomach, heartburn and bloating after meals.

Send for little book, mailed free, on stomach troubles, by addressing Stuart Co., Marshall, Mich. The tablets can be found at all drug stores.

## WARD TO GET \$500 FOR HIS INJURY

VERDICT AGAINST THE C. M. &  
ST. P. COMPANY.

Jury Decides in Favor of the Orfordville  
Man, and Fixes His Damages at  
That Sum—New Trial is Asked For  
—Other Proceedings in the Circuit  
Court.

A jury in Judge Bennett's court  
have awarded Lawrence Ward a ver-  
dict for \$500 for personal injuries re-  
ceived while riding on a C. M. & St.  
P. train. The case went to the jury  
late yesterday afternoon, the court in-  
structing them to bring in a sealed  
verdict. An agreement was reached  
by the twelve men at 9 o'clock last  
night, and opened and read this morn-  
ing. The verdict found for the plain-  
tiff the amount above stated. C.  
H. Van Alstine, one of the attorneys  
for the defense at once moved for a  
new trial. E. D. McGowan and M. G.  
Jeffris appeared for the plaintiff and  
Jackson & Jackson, and C. H. Van  
Alstine for the defendant. It is said  
that an appeal will be taken. Ward  
had his foot injured while coming to  
this city on a train to attend the  
Woodmen's picnic a year ago.

Collins-Parker Case on Trial.

The case of John A. Collins vs.  
George S. Parker is now on trial, the  
following jury being drawn: Simon  
Simmons, Parley Isham, C. T. Shep-  
hard, H. H. Robinson, George H.  
Lavey, Peter Crave, John Eddy, S. E.  
Barnard, James Drummond, Leonard  
Williams, Edwin Hubbell and L. G.  
Perkins. Wilson Lane appeared for  
Collins and S. M. Smith for Mr. Park-  
er. The suit grew out of a disagree-  
ment of a job of plastering done by  
Collins.

On motion of Attorney J. L. Ma-  
honey, in the case of the state of Wis-  
consin vs. Charles Folsom the court  
ordered that Attorney J. J. Cunningham  
be appointed to defend Folsom in  
place of said Mahoney.

In the case of John Dustin vs. H.  
M. Esterley, the jury this morning  
rendered a verdict in favor of the  
plaintiff and assessed his damages at  
\$81.33.

Found for the Plaintiff.

The case of the Old Hickory Chair  
Company against Frank D. Kimball  
was taken up after the Ward case  
went to the jury. The plaintiff seeks  
pay for a bill of rustic furniture, sold  
to the defendant. Mr. Kimball claims  
that in February, 1896, he entered  
into an agreement with the plaintiff  
by terms of which the Old Hickory  
Chair Company agreed to sell him cer-  
tain chairs, and to sell no one else in  
the city. That in the same month the  
plaintiff sold similar chairs to W. H.  
Ashcraft, and that by reason thereof  
Mr. Kimball's chairs were rendered  
unsalable. Mr. Kimball claims  
that he notified the plain-  
tiff and refused to accept the  
chairs and stated that they were sub-  
ject to his order. It appeared by the  
testimony that Mr. Ashcraft tried to  
buy some of the chairs from the gen-  
eral agent, but failed, and that he  
purchased them from other parties.

After the testimony closed the plain-  
tiff's attorney, T. S. Nolan, moved  
that the court direct a verdict for the  
plaintiff in the sum of \$52.66 with in-  
terest. The court directed a verdict  
for the plaintiff in the sum of \$52.66  
without interest. C. E. Pierce, attor-  
ney for the defendant, moved that the  
verdict be set aside and a new trial  
granted.

Other Cases Passed Upon.

The case of H. S. Ames against the  
Chicago & Northwestern Railway Co.;  
Andrew M. Mead against the Chicago  
& Northwestern Railway Co. and  
George P. Crouse against the Chicago  
& Northwestern Railway Co. were con-  
tinued for the term.

At a special term of the Green county  
court in the case of the Chicago, Mil-  
waukee & St. Paul railway Co.  
against Catherine Pratt et al, it was  
ordered that R. T. Holcomb, clerk of  
the circuit court for Green county, be  
directed to bring an action for the  
foreclosure of the mortgage mentioned  
to said affidavit.

## SPOILED WAGNER'S SILK HAT.

Pail of Scrub Suds Thrown on Him From  
Above.

The next time that Joseph Wagner  
the popular second hand goods dealer,  
goes fishing, he will take more pains  
in selecting the spot from which he  
will cast his lines. While fishing in  
the rear of his North Main street store  
Mr. Wagner was in the act of land-  
ing a member of the finny tribe when  
a young lady appeared on the third  
balcony in the rear of the same block  
with a pail of water that had been  
used in mopping the floor. Not know-  
ing that the fisherman was below, she  
emptied the contents of the pail into  
the river below. Her aim was poor  
and a moment later Mr. Wagner's silk  
hat was a sight to behold.

## MANY BAD CHECKS ARE TURNED IN

FORGER IS CIRCULATING IN  
THE STATE.

Visited Racine, Milwaukee and Mad-  
ison, Where Merchants Cashed His  
Orders On the Merchants' and Me-  
chanics' Savings Bank—Used Name  
of J. L. Spellman.

Some gentleman from a town where  
virtue is not its own reward, is going  
around the state forging checks on  
the Merchants' and Mechanics' bank of  
this city. The checks have been made  
payable to Otto Brandt, and the name  
of J. L. Spellman affixed thereto. The  
checks have come from Madison, Ra-  
cine and Milwaukee. At Racine sev-  
eral checks were passed upon mer-  
chants and attempts were made to  
pass them upon others. All were  
drawn upon the Merchants' and Me-  
chanics' Savings bank of Janesville. Some  
of them were payable to Otto Brandt  
and signed J. L. Spellman, and other  
names were used. Olle Davidson, a  
merchant, got one for \$15; H. Ray-  
mond one for \$10 and an effort was  
made to pass one for \$25 on Jacob  
Mohr, who suspected it was a forgery  
and called the police, but the forger  
had disappeared. The officers believe  
half a dozen others were worked on  
business men of that city.

J. S. Spellman, the cigar manufac-  
ture, whose name was used by the  
forger, does not do business with the  
Merchants' and Mechanics' bank, but  
with the Rock County National bank.  
The local police think the forger came  
here; got some of the Merchants' &  
Mechanics' bank checks; selected Mr.  
Spellman's name, his establishment  
being near the bank, and then started  
out on his tour. The checks were all  
drawn for small amounts—from \$5 to  
\$20—and cashed by merchants in the  
towns visited by the sharper.

ALFRED SLATER, the newly appoint-  
ed superintendent of the local office  
and lines of the Wisconsin Telephone  
Company, arrived in the city today,  
with his family, from Neenah.

GENERAL Superintendent W. G. Col-  
lins, Assistant General Superintendent  
W. J. Underwood and General Road  
Master J. B. Moll of the Chicago, Mil-  
waukee & Saint Paul railway company  
were here today.

GOVERNOR Edward Scofield was in  
town today, coming from Madison on  
the noon train. After taking dinner  
at the Grand he started out to look at  
some of Janesville's good horses, his  
business being, it is said, to select a  
team. R. C. McKerrow accompanied  
the governor.

THE BOYS JUMPED ON TRAINS  
First Arrests of a Series. Were Made Last  
Night.

Arthur Bennett and Herbert Garvin,  
were arrested last evening by Chief  
Hogan and Officer Appleby charged  
with jumping on moving trains. This  
morning in the municipal court both  
offenders pleaded guilty and white  
Garvin was sent to jail for five days.  
Bennett's fine of \$2 and costs was  
paid. During the past few weeks boys  
who have been hanging about the  
railroad yards have daily amused  
themselves by jumping on incoming  
and outgoing trains. This practice  
the railroad officials as well as the  
local police say must be stopped and  
arrests will follow whenever the boys  
break the law.

## FOR LITTLE FOLKS.

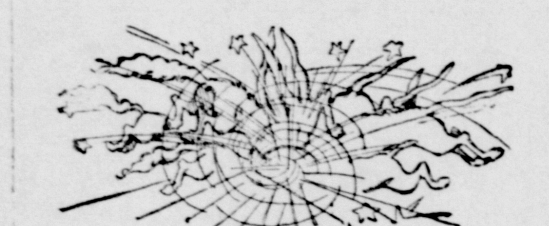

A cantankerous cat of contentious mind.  
To combative and quarrelsome ways inclined.  
Met a pugnacious pup whose proclivities were  
To besprinkle the lawn with that puss cat's fur.

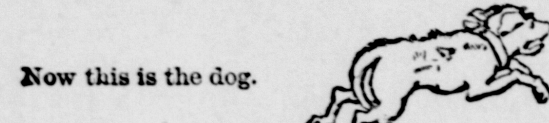

And this is the dog.  
And this is the cat.

Now, what do you think of such actions as that?  
The cat caterwauled and scolded and snit  
Till she nearly expired in a cat-leptic fit,  
And the dog snapped and snarled and in im-  
polite tones  
Seemed threatening to pick Mistress Pussy  
Cat's bones.  
And here is the dog.

And here is the cat.  
Now, what do you think of such actions as that?  
Now, quarrelsome words, as every one knows,  
Are apt, if indulged in, to lead unto blows.  
And those who are given to combative ways  
Quite often conclude that to fight seldom pays.

Now this is the dog.  
And this is the cat.

What now do you think of such actions as that?  
—Arthur J. Burdick in Chicago Record.

**The Dinner Party.**  
Polly wished to give a dinner party  
to her cats, Diogenes, John and Brother,  
so her mother gave her a dime and  
told her she might buy three fish at the  
market.

Polly trotted away, and when she  
came back with the fish she called the  
three cats and tried to get them ready.  
She tied a ribbon around each of their  
necks, but it was not an easy task, be-  
cause they smelled the fish.

Then she spread a towel on the floor  
and set three plates on it and tried her  
best to make the cats sit down beside  
them. But they cried, and jumped about,  
and behaved so badly that at last she  
shut them outside the door.

Then she put a fish on each plate and  
a little dish of catnip in the middle and  
opened the door.

Diogenes was the last one in, but it  
wasn't because he wanted to be polite,  
for he jumped over John, who was  
small, and ran right under Brother, the  
great big striped cat, and was first at  
the table after all. On the table, I  
mean, for he ran right across the cloth,  
sniffed at all three plates, snatched the  
biggest fish and dragged it under the  
stove.

John took his fish into his corner be-  
hind the cupboard, and Brother carried  
his under the sink.

After a minute Diogenes left his fish  
and went first to one cat and then the  
other and tried to take theirs. But John  
slapped him, and Brother growled so  
that he was afraid, and went back to  
his own fish under the stove.

Polly was shocked at such behavior  
and ran to tell mother, who only laugh-  
ed.

"I was afraid they'd disappoint you,"  
she said. "But never mind. They are  
having a good time in their own way."

So Polly went back and picked up  
the plates and the towel and the catnip.  
And she peeped under the stove and be-  
hind the cupboard and under the sink,  
and she saw mother was right.—Youth's  
Companion.

**Chewing Gum.**  
It seems dreadful to think that any  
dear boy or girl who reads this chews  
gum. There is nothing true which can  
be said in favor of such a habit. It is  
uncleanly, unhealthy and disgusting.  
It ruins the teeth, the throat and the  
digestion, no matter who tells you oth-  
erwise. About the appearance of the  
gum chewer the Boston Herald has this  
to say, and it's true, every word and  
more:

"Gum chewing is a most unpleasant  
spectacle for the disinterested observer.  
That wagging of jaws looked at persist-  
ently has been known to drive one in-  
sane, and the desire to seize the chewer  
and make him or her disgorge is only  
controlled by getting out of the way as  
quickly as possible. The chewing never  
comes to anything. The eternal chop,  
chop of the jaws bring into play a  
set of muscles that eventually disfigure  
the face, while causing an expression of  
bovine idiocy to settle upon it. Where  
is the human being's natural vanity  
while that piece of gum is being masti-  
cated? If the victim of this gum chew-  
ing habit will kindly look at herself or  
himself in the mirror during an hour  
or so of the operation, it may have the  
effect of curing her or him of it."

**Jimmy Is Kind.**  
Jimmy—I'd like to be a doctor when  
I grow up.

Tommy—What for?

Jimmy—So's when fellers' mothers  
brought 'em to me I could say, 'Keep  
'em home from school a week or two.'—  
Pearson's Weekly.

**No Fun In New Clothes.**

Sister—There! You have candy all  
over your new suit! What will mamma  
say?

Little Brother—Well, mamma won't  
let me have any fun in these clothes  
till I get 'em spoiled.—Golden Days.

**He Wants to Know.**  
The social philosopher was perturbed.  
"Why is it," he asked, "that a woman  
will devote all her energies to develop-  
ing a good figure and then will make  
a crazy rush for some fashion that will  
absolutely conceal all that is sym-  
metrical or has the least element of  
grace if it does not absolutely deform  
her in the view of the general public?"  
As he spoke he looked at a woman in  
a box coat with puffed sleeves and  
sighed deeply.—Chicago Post.

**In 1907.**  
She got up from her knees and  
glanced madly at the baggy trousers.  
She pressed down the unheaving tie.  
"You are a cruel coquette," she said.  
Cholly shivered.  
"You led me on to think that you  
loved me, and now you tell me that you  
have accepted Grace Horseleigh. I will  
get even with you." And she went for  
the door, vowing vengeance.  
"Coward!" cried Cholly, as she de-  
parted.—N. Y. World.

**The Troubled Way.**  
This world is all a fleeting show,  
A round of toil and care;  
The circus always comes, you know,  
When we haven't cash to spare.  
—Chicago Record.

**USED THE SAME PAWNSHOP.**

Tom—I've just discovered that Char-  
ley Harduppe is a sore relative of  
mine.  
Myrtle—Is that so?  
Tom—Yes; we both have the same  
uncle.—Up-to-Date.

## GIVES STRENGTH TO MEN

Free To All Who Are Weak And Worn

A METHOD TO CURE AND INCREASE  
THE POWER.

It is a remarkable fact that a man never ap-  
preciates the sufferings of others until he him-  
self has passed through the fire of pain or re-  
morse. Then it is that he looks around for  
those who are suffering; he wants them to  
profit by his experience; he gives them his  
time and money gladly for the

benefit of others and never tires of his zeal.  
There are plenty of men weak and worn out,  
struggling with remorse and fear, the natural  
outcome of habits that brought incapacity, a  
sense of loneliness and a feeling as if the  
best side of life had been banished forever.  
Such men should write to Thomas Slater, Box  
491, Kalamazoo, Mich. He will send free by  
mail, in a plain, sealed envelope, full particulars  
about the method he used, and this will enable  
any man to get a complete cure at home. It is  
the method that Mr. Slater used to cure himself  
of the troubles that sap the strength and vigor  
and also enlarged his organs to natural size. The  
cure was complete, so satisfying and such a won-  
derful change from his former condition that he  
will gladly tell others all about it, sending all  
particulars. He figures that he doesn't know  
of a better way to show his appreciation of his  
own cure and sufferings of others. There must  
be generous men in this world to off set the tide  
of avarice. Write to Mr. Slater—it will cost  
nothing for his description and method.
